Building Improvements.

The residence of W. Ed. Tucker,
corner sixth and High streets, and the
business block of R. J. Neely, corner
of Eighth and Main streets, are nearing
their interior completeness, this week
concrete walks will be laid in front of
each.

Dedication of City School Build-
ing.

It has been announced that the dedi-
cation of the new city school building
will be on Friday, November 20. Rev.
Dr. Hinit, President of Central Uni-
versity, Danville, will deliver the dedi-
catory address.

Farm Sells Well.

John De Garis has sold to the Indian
Refining Company his farm of 75 acres
on Elkhorn, in Scott county, for \$200
per acre. The land adjoins their plant
and Elkhorn creek runs through it. It
was purchased mainly to get the use
of the old dam, as the supply of water
below the dam is getting very low on
account of the continued drouth. The
old mill is used now only to grind corn.

Water Supply Short.

On account of the drouth the water
supply for Paris is beginning to assume
a dangerous outlook. Superintendent
Mitchell in a card in this issue asks
our citizens to refrain from using
water to sprinkle the streets, on ac-
count of the low stage of Stoner creek.
He says that if we do not have rain
in the next two weeks he will be com-
pelled to cut off the water, only reserv-
ing enough in stand pipe for fire pro-
tection.

Turkey Market Opens.

Chas. S. Brent & Bro. of this city,
have commenced receiving turkeys
for the Thanksgiving market, and
their buyers are now in the field pay-
ing ten cents per pound for turkeys on
foot.

Brent & Bro. are operating buying
houses in Millersburg, in charge of T.
P. Wadell; Carlisle, in charge of J. H.
Stewart; Flemingsburg, and in charge
of John Lynch. They are the largest
shippers of turkeys in Central Ken-
tucky, shipping thousands of the fowls
annually to the Eastern markets.

Prospects for Lead Mine.

Mr. C. I. Hollingsworth, general
manager of the lead mine near Paris,
has been in the city for the past few
days looking over the property. When
asked as to the future prospects of the
mine he said that since the financial
panic had subsided and the election was
over, his company would now proceed
to install a separating plant and begin
at once the active operation of the
mine. The order for the separator,
which will cost about \$30,000, includ-
ing powerful lifting machinery will be
placed this week. Mr. Hollingsworth
stated that his company had bored a six
inch well within fifty yards of the
shaft to a depth of 246 feet and that
the water was now standing within 20
feet of the top, which insured the com-
pany ample water for operating pur-
poses.

Important.

Owing to scarcity of water the use
of all hose for sprinkling must be dis-
continued. Unless there is great econ-
omy used in the consumption of water
we will soon have to shut off residences
in order to have a supply for fire pro-
tection. Hoping everyone will econ-
omize as much as possible.

Respectfully,
PARIS WATER CO.,
N. Mitchell, Supt.

Two Farm Houses Burned.

While the family of Darwin Fisher,
a farmer residing near the Harrison
county line, were at dinner Saturday
fire broke out in the roof of the resi-
dence, which was a two-story frame,
and in less than half an hour the
building was in ashes. So rapidly did
the flames spread that the family with
the aid of several neighbors saved but
little of its contents. The house was
valued at \$3,000 with \$2,000 insurance.
The residence of William Sudduth,
a farmer residing near the Scott county
line, was burned to the ground shortly
after 4 o'clock Saturday morning. The
house, which was a two-story frame,
valued at \$2,000, caught fire from a
defective flue and the blaze was under
considerable headway when discovered.
Mr. Sudduth lost nearly all of his be-
longings and had no insurance.

surance. Thomas & Woodford.

Shot Down in Street.

Postmaster Edward M. Morgan, of
New York City, was shot down in the
street as he was leaving his house in
New York City to go to the office yester-
day morning by Eric H. B. Mackey,
a stenographer employed by a down
town law firm, who then shot and in-
stantly killed himself. The single
bullet which struck Morgan entered
the right side of the abdomen and
passed out at the left side without
penetrating the walls. There was no
internal bleeding and there is every
likelihood that the wounded man will
recover.

DEATHS.

—Mr. Jeff Horton, aged 79 years,
died Sunday at his home near North

METALLIZED

Real Rose Hat Pins

It does not seem possible, yet it is true,
that these Hat Pins are made out of real
live roses, changed entirely into metal
by a secret process, preserving every de-
tail of the rose from which each pin is
made. They can not break, and will last
forever. This discovery is without
doubt one of the lost arts of the ancient
Egyptians. They are the most beautiful
of all Hat Pins. No two are alike. Fin-
ished in five colors, to conform to the
prevailing fashions in millinery. Made
in six sizes, from the smallest rose bud
to the full blown flower. These pins are
made by the genuine "DELAMOTHE"
secret process, the only process by
which an open rose can be perfectly
metallized. Don't buy an inferior imita-
tion. All genuine "DELAMOTHE"
Metallized Real Rose Hat Pins have
the name stamped on the pin.

We have the exclusive
sale of "DELAMOTHE"
products for this city. See
the exhibit in our win-
dow of this wonderful
discovery.

Famous Divorce Mill Ended.

In the referendum of last Tuesday
the people of South Dakota have voted
overwhelmingly to end South Dakota's
famous divorce mill. After the State
Canvassing Board meets at Pierre the
first of next month and announces offi-
cially that the new law has been ap-
proved, it will be no longer possible for
the discontented wives and husbands of
the whole world to go to South Da-
kota, and by spending six months,
obtain a secret hearing, freedom and
the right to engage in more marriages.
